Loqu8 iCE Update Pops-Up Chinese to English Translations Faster

iCE Version 5.3 Works Faster on Netbooks and Adds Compatibility with Microsoft Windows 7 and Windows Server 2008 R2

PALO ALTO, Calif. – Loqu8, the leader in augmented learning software, announced an update of iCE which offers greater performance on a wider range of systems, including netbook and other computers with the Intel® Atom processors. Loqu8 is also pleased to announce that iCE is one of the first Chinese-English learning programs to work with Microsoft Windows® 7 and Microsoft Windows Server 2008 R2.

“With thousands of customers in over 22 countries, Loqu8’s augmented learning technology is becoming the preferred choice of students, teachers and business users,” explained Dr. Tim Uy, President and CEO of Loqu8. “Before iCE, looking up words using printed and online dictionaries was laborious and tedious. Loqu8’s instant Chinese to English translator and dictionary helps users explore Chinese texts and websites that were previously inaccessible. Our newest version offers greater speed and flexibility for even more people to understand and learn Chinese.”

Microsoft Windows 7 and Server 2008 R2 Support

“Our ISV community is alive with innovation, and we’re committed to helping our partners drive the next generation of software experiences,” said Ross Brown, Vice President of ISV and Solutions Partners for the Worldwide Partner Group at Microsoft. “Adding compatibility for the latest Microsoft operating systems helps ISVs to stay ahead of the competition and give their customers access to cutting-edge technologies.”

Loqu8 iCE supports Windows 7 and Windows Server 2008 R2 with both x64 (64-bit) processors and x86 (32-bit) processors. iCE runs as a 32-bit application on 64-bit processors.

Pricing and Availability

Loqu8 iCE Version 5.3 is available immediately from the Loqu8 website and directly from the iCE program itself. The update is free for all iCE Version 5 users (Standard and Professional Editions), including both trial and paid customers. The retail price of Loqu8 iCE is \$59 USD for the Standard Edition and \$99 USD for the Professional Edition. A free 15-day trial version is available. Contact Loqu8 for information on academic discounts and site licenses.

About Loqu8

Loqu8's innovative **iNtuition™** information management engine uses ultra-fast LiveScan technologies to translate and display information in a pop-up window—all in a fraction of a second. Empowering knowledge workers with "the right information @ the right time" allows organizations to be measurably more efficient and effective. Loqu8, a privately-held corporation with headquarters in Silicon Valley, is a Microsoft Front Runner for Windows 7 and Windows Server 2008 R2. For more information, visit www.loqu8.com.
