New Version 5.5 Features

Loqu8's newest version adds native 64-bit support to Windows 7 and Vista environments. Loqu8's powerful iNtuition™ engine has been tuned for enhanced compatibility with more applications. Now get the power of iCE inside Adobe Acrobat and other PDF viewers.

iCE Professional Edition

For the first time, learn Chinese using the way you want. Decision makers will find it easier to understand current events and make informed decisions with the Loqu8 iCE Professional Edition, the first instant translator/dictionary software with customizable definitions.

- *Chinese schools, classes and instructors* –define words and phrases to teach their students precise meanings and applications for their course. Not all early learners need the same dictionary. Children may require basic definitions; adults will appreciate words defined at their own level.
- *Advanced users and organizations* – tailor new words specific to your industry or company. Include usage notes to speed understanding. For example, create entries for key employees in your company and include areas of responsibility and contact information. The possibilities are unlimited!

“

[It's] the best tool I have for learning Chinese. I have scoured the internet and purchased many types of software, books, and other media. Looking up words before [Loqu8] was laborious and daunting. Now I have a contextual dictionary that has allowed me to begin exploring websites and texts in Chinese that were inaccessible to me. **This is a brilliant tool.**
