Johnny,

We have 100 units of AM-1100 available for customer previews. If you have resellers in California, our reps can start scheduling demos. Is Netflix and Gilead in the area?

Accelerate your cloud-based information

LiveScan

- ✓ Point and search from your email, Microsoft® Office (Outlook, Word, PowerPoint, Excel) and other Windows® desktop applications
- ✓ Eliminate manual "copy-and-paste" searches

Real Sync

- ✓ View critical Salesforce data at 33,000 feet or any place where an internet connection is not available
- ✓ Edit records and immediately sync updates in Salesforce.com
- ✓ Automatic configuration and synchronization

Loqu8 Insight™ empowers users with the information to work efficiently and accurately. Point your mouse at text and Insight immediately displays related information from a pop-up window:

- *Work faster:* respond to emails and customer interactions immediately with products details, ordering information and specifications
- *Works smarter:* expedite price quotes, improve customer service

Connecting People, Content and Process in Real-Time

Get the most up-to-date information from Microsoft SharePoint®, Salesforce.com® or Google® Docs cloud while inside your email, report or favorite website. Simultaneously show search results from LinkedIn, Google and Facebook—all in one popup window. Use the Insight real-time capabilities over your existing Microsoft Windows desktop, legacy and LOB applications.

Work faster—and smarter. That's the power of Loqu8 Insight.

Where do you go for information?

Loqu8 Insight is faster and more accurate than traditional “copy, paste and search” methods.

New Version 3 Features

Loqu8's newest version adds native 64-bit support to Windows 7 and Vista environments. Loqu8's powerful iNtuition™ engine has also been tuned for enhanced compatibility with more applications. Now get the power of Loqu8 Insight inside Adobe® Acrobat and other PDF viewers.

Insight Editions

Loqu8 Insight scales seamlessly from a personal productivity tool to an enterprise-wide knowledge management platform.

Team Edition is tailored for workgroups with Microsoft SharePoint (Excel and Outlook), Salesforce.com CRM or Google Docs. Each edition includes everything you need to improve your productivity and effectiveness. Just hover your mouse or highlight text and Insight immediately displays data from the Salesforce.com cloud—all without opening a web browser window.

- Simultaneous data sources/tabs: 5
- Maximum fields per tab: 5
- Record entries per tab: 1000
- Total capacity: 25,000 entries

Enterprise Edition provides a semi-custom platform for syncing and aggregating data sources within an organization. Includes all multichannel capabilities from the three Team editions plus greater capacity. With a simple highlight or mouse over, search all data resources at the same time.

- Simultaneous data sources/tabs: 10
- Maximum fields per tab: 10
- Record entries per tab: 10,000
- Total capacity: one million entries
